

Welcome to the Summit

Mark Lynn, Vice-Chair,
The Alliance for Sustainable Building Products

ASBP Natural Fibre Insulation Group

Today we are joined by members of the ASBP Natural Fibre Insulation Group, which includes the leading manufacturers, suppliers and installers of NFI in the UK.

For the past 5 years this collective of ASBP members has worked collaboratively to better communicate the multiple benefits of natural insulation, via knowledge sharing events, exhibitions, peer-reviewed briefing papers, and representation at Environmental Audit Committee inquiries.
