

Reuse Now Campaign

2023-24 SPONSORSHIP PACKAGE

The opportunity:

The Alliance for Sustainable Building Products (ASBP) is looking for forward thinking organisations for annual sponsorship for our ongoing Reuse Now Campaign.

The aim of the campaign is to encourage greater uptake of reused products and enable the future reuse of products within the construction industry to accelerate the transition to a more resource efficient, circular economy. This will be done through:

- Practical focus by exploring supply chain barriers and develop solutions.
- Open dialogue and sharing of knowledge between reuse material donors/recipients and wider ecosystem to enable greater uptake.
- Learn from what others have done to progress quickly (not everyone doing their own research).

Much research has been done into the barriers and enablers of a circular economy, we want dig down into the details of these to drive practical action.

The ASBP will relaunch the campaign in September 2023 with the aim of becoming the 'go-to' place for practical guidance and information on the reuse of products in construction.

Sponsorship:

There are 3 levels of sponsorship available, with varying levels of sponsorship benefits (full details on following pages)

Gold
£7500 + VAT

Silver
£5000 + VAT

Bronze (SME)
